X-Ray Processor Cleaning Products

Clean Image Daily Clean Up Sheets, 50 Cleanings
 Step 1 of a 3-Part Cleaning Process
 Southland Distribution & Sales

Clean Image Daily Clean Up Sheets is step 1 of a 3-part cleaning process for your x-ray processor. Used daily, it removes residue from rollers and webs that causes film to be grainy. Moisture-activated coating removes buildup and reduces processor downtime for cleaning. Bright white sheet shows the dirt. Clean Image produces immediate, clean, sharp film every time.

50 Clean Up Sheets
 CI081050 per box 69.95 SRP

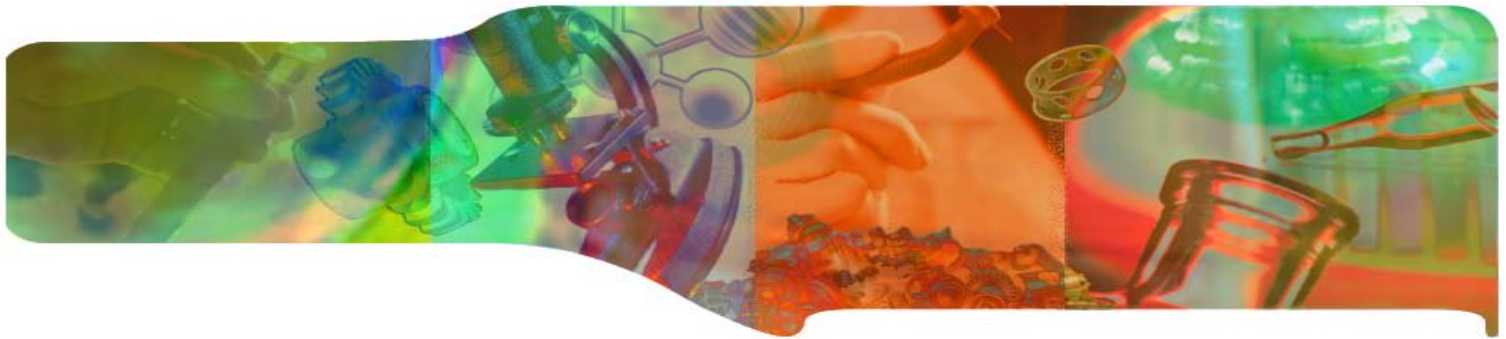

Clear Image Weekly Radiographic Cleaner
 Step 2 of a 3-Part Cleaning Process
 Southland Distribution & Sales

Clear Image Weekly Cleaner is step 2 of a 3-part cleaning process for your x-ray processor. Used weekly, it guarantees sharper images. Clear Image is safe for all processors. It cleans: developer, fixer, oxidation, silver, and algae deposits from rollers, tanks, webs, and transports in 3-5 minutes. Acid-free, chromate-free, 100% biodegradable and nontoxic, no hazardous shipping charge required.

Pro-32 Monthly/Quarterly Soak Professional Strength Concentrate, 10 Cleanings
Step 3 of a 3-Part Cleaning Process
Introductory offer includes FREE Harley-Davidson safety glasses and 1 pair of nitrile gloves.
Southland Distribution & Sales

Professional strength Pro-32 is step 3 of a 3-part cleaning process for your x-ray processor. No scrubbing, 20-min. soak evaporates stubborn silver buildup and oxidation from developer rollers, webs, peri type transports, and tanks once a month. Pro-32 is safe for all processors. Each quart bottle contains 10 cleanings. No foul odors and no hazardous shipping charge required. Pro-32 has an unlimited shelf life. ***Pro-32 introductory offer includes FREE Harley-Davidson safety glasses and 1 pair of nitrile gloves.**

Ships with: 1 quart of Pro-32, 1 pair Harley-Davidson safety glasses, and 1 pair of nitrile gloves.
